## Quiz Review Survey

Fill out this form as you study and turn it into Gradescope before the quiz.

1. Check all items which you used while reviewing for this exam:

- ☒ Textbook
- ☐ Your notes from class
- ☒ Worksheets from workshop
- ☒ Returned homework
- ☐ WeBWorK
- ☐ Friends (working together on the review, asking questions, etc.)
- ☒ Calculator
- ☒ Wolfram Alpha (or other online calculation software)
- ☒ Google/internet searches

2. About how long (in hours) did you spend...

- ☒ Trying sample problems 2 hours
- ☐ Re-reading class notes \_\_\_\_\_
- ☒ Reviewing old worksheets 1/2 an hour
- ☒ Reviewing returned homework 20-30 minutes
- ☒ Re-reading sections in the textbook 1/2 an hour

3. Which of these did you do? Check all that apply:

- ☒ Set up a study location without distractions (phone, TV, computer, etc.)
- ☒ Tried sample problems *without* any notes/calculator/etc.
- ☒ Re-solved a homework problem on which you lost points.
- ☐ Helped a friend understand a question.
- ☐ Asked a friend about a question and understood the answer.
- ☐ Asked a question on Canvas.
- ☒ Studied on two or more different days.

4. (Optional) Write down an example problem or conceptual question that evaluates knowledge of a key concept on this quiz. What concept does it evaluate? This will not be graded, but we may put high-quality, thoughtful questions from this survey on future quizzes.
